

Opportunities to Get More Involved with MLLS

Every spring, MLLS elects board members and officers to serve for the coming year. There are several openings on the board for 2012-13. In addition, MLLS has other project-by-project opportunities to get involved with your women lawyer colleagues, law students, and others in the Salem community. For example, we're currently looking for two volunteers to develop a question and read essays in our annual essay contest for first-year students at Willamette University College of Law. If you'd like to learn more about any of these opportunities, please email MLLS at maryleonardlawsociety@gmail.com.

We'd love to have you join us!
